Web Announcement 2060

Personal Care Services Provider Rate Increase Effective January 1, 2020

The 2019 Nevada State Legislature approved a Personal Care Services (PCS) rate increase effective with dates of service on or after January 1, 2020, for services billed with Healthcare Common Procedure Coding System (HCPCS) code T1019 (Personal care services, per 15 minutes) by provider types 30 (Personal Care Services – Provider Agency) and 83 (Personal Care Services – Intermediary Service Organization). The new approved rate for PCS is \$17.56 per hour, or \$4.39 per 15-minute unit. This is an increase from the current rate of \$17.00 per hour and \$4.25 per unit.

Please note: If you are also enrolled as a waiver service provider (provider type 48 - Home and Community Based Waiver for the Frail Elderly and/or provider type 58 - Home and Community Based Waiver for Persons with Physical Disabilities), this rate increase does not apply to any waiver service your agency provides.
